Having a child who may have Special Educational Needs or a disability can be very worrying for a parent. At Western Primary School, we can offer a wide range of support for your child to ensure that they make good progress and are happy in school. We know you may have a lot of questions to ask us.

Key Staff:

1. How does the school know if my child needs extra help?

We have a number of ways to help us identify if a child needs extra help. These include:

- Information provided to the school by parents/carers
- Information from your child's pre-school or previous school.
- Home visits by class teacher.
- Class teacher contact previous schools / settings
- In school assessments - progress data monitored carefully.
- Pupil progress measured for each child on a termly basis
- Information from other services who have worked with your child, for example a speech and language therapist.

This information will be used to ensure that we meet any additional needs your child may have. Once your child is in school we will monitor their progress and development. If we have concerns we may ask other professionals to give advice and support.

2. What should I do if I think my child has Special Educational Needs?

It is very easy — come and talk to us . You can talk to your child's class teacher, or you can talk to the Head of School/ SENCO. Your concerns will always be taken seriously, as your views are very important to us. We will help and provide the right support if we can.
